OVERVIEW

There are different kinds of gifts, but the same Spirit distributes them. There are different kinds of service, but the same Lord. There are different kinds of working, but in all of them and in everyone it is the same God at work. *1 Corinthians 12: 4-5*

Founded in 2004, iMinistries has a wealth of experience working directly for churches all over the world and of all sizes, we have the skills and knowledge to help further your ministry and vision. **iMinistries' staff has accepted Jesus Christ as our Lord and Savior.** Furthermore, we are committed to honoring God in the work we do and to faithfully work beside each and every church or ministry that joins our team.

**WE TRULY
BELIEVE IN
WHAT WE DO.**

iMinistries offers a **Content Management System (CMS)** tailored specifically for churches and ministries. At it's core, our CMS provides those without web coding knowledge the ability to easily post news, events, photos, blogs and more to their website.

When you create your account with iMinistries, you get a fully functional website in a few easy steps. Our CMS can save you time and money on a variety of levels:

- **You don't have to hire or train a new staff person with unique web skills.**
- **You don't have to buy new, expensive computer equipment.**
- **You don't have to wait for your website to be developed.**
- **You don't have to give up oversight to another team.**
